

# Pump Maintenance and Operation Seminars - 2010

## Topics

The Hale Pump Maintenance and Operations Seminar will cover the following topics:

- Preventative maintenance functions
- Basics on midship pump design and construction
- Detailed information and hands-on training on various pump components such as the gearbox, impeller assembly, and pressure relief valve. Exercises such as the proper setting of relief valves, a pump installation inspection, and a pump service test.
- Valves and accessories
- Troubleshooting
- NFPA 1911 Pump service testing
- Class 1 Electronic Governors

## Optional Classes

### Optional

Additional CAFS/Foam classroom and hands-on training. This will take place on Monday from 1 - 4 PM. If you are not taking this class, your first day of classes will start on Tuesday at 8:30 AM.

### Optional

EVT Testing (Friday 8 AM to 12 noon). If you are not taking this exam, you may leave on Thursday after 4 PM

## Costs/Location

\$300.00 per person. (EVT test is an additional fee charged by the EVT Certification Commission and you must register directly with EVT at 847-426-4075.).

Hotels and transportation are not included in the fee. Lunch is included Tuesday through Thursday.

Classes are held at the Montgomery County Fire Academy, Conshohocken, PA. (The nearest airport is the Philadelphia International Airport, Philadelphia, PA, about 20 miles from Conshohocken,) Space is limited and classes are available on a first-come basis. If space is not available in the class you selected, you will be notified by phone and given the opportunity to choose another class.

**Payment must be received prior to the class date. Payment may be made by check or credit card. After receipt of payment, information regarding classes, directions, and local hotels will be mailed or faxed out.**
