SmartFOAM

STYLE

SmartFOAM is a direct injection foam proportioning system that has been engineered to work smarter for you.

SmartFOAM's six configurable presets eliminate the need to remember the proper foam injection rate for a specific fire ground scenario. Simply press the preset button with the text indicating your desired scenario. Each preset is fully configurable at the department level so it can be customized for your standard operating procedures.

Features

Eliminates the Guesswork

- Intuitive interface
- Advanced safety interlocks
- Best in class color display
