

Seat Belt Warning Indicator small

STYLE

The Seat Belt Warning display (p/n 118620) is capable of showing the seat status of up to 20 seats with its position indicator and seat belt warning icon.

Features

The rocker style seat belt indicator fits in an industry standard rocker switch cutout. Its small design saves valuable cab space. It scrolls through any seat violations and displays a green seat belt status whenever all parties are seated and belted correctly.

Applications/Solutions

- Fire OEMs
- Firefighting - Airport (ARFF)
- Firefighting - Industrial
- Firefighting - Structural
- Firefighting - Wildland Forestry
- Small display fits into standard switch cutout (20 seats)
